

# Where does the Water Go?

## The Phenomena/ Stimuli

[Video Link](#)

**Activity: Watch the video and use the “I Notice/I Wonder” worksheet (page 2)**

### Driving questions for the activity:

1. Where does the water go when it drains?
2. Why does the water drain so slowly?
3. Is there a way to slow down the water?

## Watch and Jot

I Notice (Observe)	I wonder (?)

## Activity: Designing Water Catchment Systems in Urban Landscapes

1. Read the following articles:
  - a) [New Orleans' drainage system](#)
  - b) [Rainwater Collection](#)
2. Design the established neighborhood below so that it includes a water catchment system.
