Please contact us with any success stories or fun photos and/or invite us for a site visit. For submission or questions, contact us at 504.517.3584, ext. 3 or [maria@stemlibrarylab.org](mailto:maria@stemlibrarylab.org).

## SERVICE LEARNING AWARDS RECEPTION

On October 19th, we honored the exceptional individuals and organizations that support the Service Learning Program. The Brown Foundation graciously awarded \$304,736 to fund approximately 100 service learning projects across Louisiana and Mississippi for the 2024-2025 school year. We transformed our Teacher's Lounge for an afternoon of fun and fellowship. Guests partook in Service Learning games and visual art & media highlighting Aerial Systems Outreach at East St. John High School, LSU Coastal Roots at Archbishop Chapelle, and Aspirational Art at Ursuline.

## GREEN LIGHT NEW ORLEANS' RAIN BARREL PROJECT

Would you and your students like to combat erosion and street flooding? Green Light New Orleans invites your students to help with this process.

Apply for the Rain Barrel Project! Green Light provides the rain barrels and paint materials. This project is available to schools within the levee system of Orleans, St Bernard, and most of Jefferson Parish, Louisiana. [Applications](#) will be accepted until April 22, 2025.

## EDOPPORTUNITIES DATABASE

Looking for inspiration? Search the [EdOpportunities Database](#) of locally sourced opportunities such as events, field trips, PD workshops, classroom funding, lesson modules, extra-curricular offerings and more!

 EdOpportunities Database

### DISCOVER OPPORTUNITIES FOR YOUR CLASSROOM!

The EdOpportunities Database is your one-stop destination for educational enrichment! Whether looking to enhance classroom experiences, with exciting learning opportunities, the EdOpportunities Database has what you are looking for.

Explore a vast array of educational opportunities across all subject areas. From field trips to professional development workshops, experiential learning programs to classroom funding resources, the EdOpportunities Database is your gateway to endless possibilities.

Unlock the doors to a world of boundless learning opportunities for **FREE!**
